

Consumer: pricing power checklist

Consumer brands, retail, and changing spending habits.

SAMPLE EDUCATIONAL MATERIAL - NOT A PUBLISHED CLUB REPORT

Research focus

Separate pricing from volume growth and examine how customer behavior affects unit economics.

Primary sources

Begin with company filings, official data releases, and dated management commentary. Separate sourced facts from estimates.

Team review

Present the base case and counterargument. Include a valuation range, risks, and evidence that would change the thesis.

Educational framework. Virtual capital. Not investment advice.
